

6 May 2015

Memo To: Her Worship the Mayor and Councillors

Memo From: Penny Langley  
Manager Administration

**Subject: DRAFT LONG TERM PLAN 2015/25 – SUBMISSIONS RECEIVED  
AFTER 28 APRIL**

---

Due to the tight timeframe between the close of submissions and today's meeting to hear submissions, there have been some logistical issues particularly around submissions posted to Council. As a result, a number of submissions were received after the 28 April deadline. This does not necessarily mean that they were submitted late. These submissions are attached for your information.

If these submissions are to be included in the formal decision making process, a resolution to that effect must be passed by Council at today's meeting.

Two submitters in this group have indicated that they wish to speak in support of their submission. In order for these submitters to be heard at the hearings it would be advisable to pass the below recommendation. Once that has occurred we will contact these submitters to make a time for them to speak to Council.

Recommendation

***THAT submissions to the draft Long Term Plan 2015/25  
received after 28 April 2015 be accepted.***
